

SINGLE-ORIGIN POWDERED SPICES

From our soil to your supply chain.

Hardstone Agri is a four-generation family spice farm in Punjab, Pakistan, cultivating, dehydrating, milling and packing on one origin. Since 1945, the same family has worked the same land - combining agricultural experience with modern production systems to deliver dependable, commercially ready spices.

SINCE 1945	PUNJAB, PAKISTAN	50 ACRES	50 TONS / YEAR

FARMING & PROCESSING

Vermicompost

On-site organic fertilizer offsets more than 50% of synthetic inputs.

Solar drip irrigation

Targeted water delivery improves efficiency while solar powers farm operations.

Mulching

Reduces evaporation, suppresses weeds and helps protect soil structure.

Heritage in farming. Precision in processing. Responsibility in every season.

OUR PRODUCT RANGE

Four products. One origin.

Farm-grown, carefully dehydrated and prepared for consistent commercial use.

FINEL Y MILLED

GARLIC POWDER

Clean aroma and smooth texture from carefully dehydrated garlic.

FINEL Y MILLED

GREEN CHILI POWDER

Bright colour and sharp heat, finely milled for even dispersion.

FINEL Y MILLED

RED CHILI POWDER

Vibrant colour and bold flavour with a consistent fine texture.

COAR SE CUT

RED CHILI FLAKES

Visible texture and clean heat from coarsely crushed red chilies.

QUALITY, SAFETY & RESPONSIBLE PRODUCTION

Verified quality

Garlic powder has been independently tested by PCSIR Laboratories Complex, Lahore. Dried red chili aflatoxin screening recorded total aflatoxins at 0.78 ppb and was reported compliant with EU 2023 limits for the tested parameters.

Halal certified · HACCP certification in progress

Lower footprint, by design

Solar powers drip irrigation and the processing line. Rainwater harvesting supports water conservation, while a large-scale decomposer converts farm waste back into fertilizer. Local employment further supports the surrounding rural community.

LET'S BUILD SOMETHING LONG-TERM.

For distributors, processors, food-service partners and international buyers seeking traceable, single-origin spice ingredients.
