ABOUT US

Khairpur Foods is a family-owned company with over two generations of experience in date cultivation and processing. Founded by one of Pakistan's largest date-growing families, it began exports in 1987 and within five years became the country's largest date exporter and the first grower to export directly. Rooted in tradition yet future-focused, Khairpur Foods is committed to continuous improvement, innovation, rapid delivery, affordable prices, and the highest standards of quality and service.

PROCESSING

As a BRCGS AA Grade–certified company, Khairpur Foods is among Pakistan's leading exporters of dates. Our state-of-the-art, fully automated facility ensures the hygienic processing of both conventional and organic products, delivering consistent premium quality with full compliance to international food safety standards.
